1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: **Wintergreen Plus™**
Supplier: PRECISION LABORATORIES, INC.
1429 S. SHIELDS DRIVE
WAUKEGAN, IL 60085

Emergency telephone number: (Chemtrec Information 24 hours) 1-800-424-9300
For MSDS, Product Safety, or
Regulatory inquiries, call: (800) 323-6280
Customer Service, call: (800) 323-6280

2. COMPOSITION / INFORMATION ON INGREDIENTS

Component	CAS#	OSHA	ACGIH	% By
		PEL	TLV	Wt.
DMEA	108-01-0	NE	NE	.1-1%
Specialty Polymer	Mixture	NE	NE	40-50%
Pigment Blue Dispersion Blend	Mixture	NE	NE	1-10%
Ammonium hydroxide	1336-21-6	50 ppm (8hr)	25 ppm (8 hr) (35 ppm STEL)	.1-1%
Acrylic Copolymer	Mixture	NE	NE	1-10%

3. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:

HMIS Hazard Rating:
2 Health Hazard Rating
1 Flammability Rating
0 Reactivity Rating
H Personal Protection

Primary Routes of Exposure:

Eyes: **YES** Skin: **YES** Oral: **YES** Inhalation: **YES**

Signs and Symptoms of Exposure:

Eye contact: May cause irritation, pain, redness, stinging sensation, swelling, watering, inflammation, itching, burning and other effects. Heavy or prolonged exposure, may increase effects. Prolonged contact without rinsing may risk eye injury in some cases.

Skin contact: May cause irritation, redness, rash, itching, burning feeling, drying cracking, pain inflammation and other effects. Sufficient absorption through skin, may cause nausea, headache, discomfort, adding to other exposures.

Inhalation: May cause respiratory and mucosal irritation.

Ingestion: May cause headache, gastrointestinal irritation, upset stomach, abdominal pain, nausea, vomiting, diarrhea, moderate irritation of mouth, throat, esophagus, stomach, entire gastrointestinal tract, central nervous system depression and other effects.

4. FIRST AID MEASURES

FIRST AID MEASURES FOR ACCIDENTAL:

Eye Exposure: Check for and remove contact lenses. Immediately flush eyes with water for at least 15 minutes. Get medical attention if irritation occurs.

Skin Exposure: Remove contaminated clothing. Wash affected area with plenty of soap and water. Cold water may be used. Get medical attention if irritation develops.

Inhalation: Move person to fresh air. If person is having difficulty breathing, give oxygen. If not breathing, give artificial respiration. Get emergency medical help immediately.

Ingestion: Do not induce vomiting unless directed to do so by medical personnel. Never give fluids or force vomiting if the person is unconscious, is having convulsions or has no gag reflex. If large quantities are swallowed, get emergency medical help immediately. Medical Conditions Aggravated by Overexposure: Repeated or prolonged exposure is not known to aggravate medical condition.

5. FIRE-FIGHTING MEASURES

FIRE HAZARD DATA:

Flammability: N/A LEL: N/A UEL: N/A
Auto-ignition temperature: N/D
Flash Point: N/A

Extinguishing Media: Water spray, foam, CO₂, or dry chemicals may be used in areas where this product is stored.

Special Fire Fighting Procedures: Firefighters should wear NIOSHA/MSHA Approved Self-Contained breathing apparatus and full protective clothing.

Additional Fire and Explosive Data: None

6. ACCIDENTAL RELEASE MEASURES

Evacuate the spill area, except for cleanup personnel. Wear NIOSH/MSHA-approved respirator and protective equipment as referenced in Section 7 below. Control spill with adsorbent pads or booms. If necessary, apply granular or loose adsorbent to spill. When absorbed, sweep or otherwise collect and dispose of properly. **WASTE DISPOSAL METHOD:** Dispose of in accordance with federal, state and local regulations.

7. HANDLING, STORAGE & SPILLAGE OR LEAK PROCEDURES

Precautions to be Taken in Handling: Keep away from heat, sparks and flame. Keep container closed. Safety goggles with full-face shield and eyewash recommended. USDA-accepted Nitrile (CFR-20) or Neoprene Rubber (CFR-21) recommended. Wear appropriate clothing to prevent repeated or prolonged skin contact. Use only with adequate mechanical exhaust ventilation. To avoid fire minimize ignition sources.

Precautions to be Taken in Storage: Product should be stored in a dry place with temperatures above 32° F. Partially used containers should be resealed between uses for maximum storage stability.

Spill or Leak Procedures: Recover free liquid. For recovery or disposal, add inert absorbent (sand, earth, sawdust, etc.) to spill area and shovel into containers for disposal. Large spills may be flushed to sewer if local authorities approve such. Product is slippery under foot; flush smooth surfaces thoroughly. Dispose of material in accordance with all federal, state and local regulations in an approved waste disposal facility.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Note: When selecting personal protective equipment and clothing, follow all of the manufacturer specifications and recommendations that apply to your specific operation and processing conditions. Take into consideration all working conditions and all chemicals to be handled or processed.

Eye Protection: Wear splash-proof chemical safety goggles. Contact lenses should not be worn when working with chemicals.

Skin Protection: Wear coveralls, impervious, chemical resistant synthetic or rubber gloves and boots to minimize skin contact. As precautions, wash hands and face with mild soap and water before eating, drinking, smoking or using restroom. After each shift, clean all protective equipment, wash work clothes, and shower.

Inhalation Protection: Required under normal use conditions with good ventilation. Protect against spray mists & dust clouds.

Other Protection: Eye wash fountains and drench showers should be located within 100 feet or a 10 second walk or the work area per ANSI Z358.1-1990. Personal Protection in Case of Large Spill: Splash goggles. Full suit. Boots, Gloves.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical Appearance & Odor: Green liquid with slight ammonia odor.

Boiling Point: N/E

pH: N/E

Solubility in Water: Soluble

10. STABILITY AND REACTIVITY

Chemical Stability: Stable

Incompatibility: Oxidizers, peroxides, and chlorates.

Hazardous Decomposition Products: In fire: Oxides of carbon, nitrogen and other harmful fumes.

Hazardous Polymerization: Will Not Occur

Conditions to Avoid: Precautions to be taken in handling and storage: Store between 32°F and 120°F.

11. TOXICOLOGICAL INFORMATION

No Toxicological data is available for this product.

12. ECOLOGICAL INFORMATION

No ecological data is available for this product.

13. DISPOSAL CONSIDERATIONS

Disposal Methods: Recycle or rework material if at all possible. Incinerate material at an approved facility. Treat at an acceptable waste treatment facility, or municipal waste treatment plant after proper testing and approval waste samples in compliance with applicable federal, state and local environmental regulations.

Container Reuse: An empty container can contain product residue, and should be not reused. If not professionally cleaned and reconditioned, crushing or other means is recommended to prevent unauthorized reuse.

14. TRANSPORT INFORMATION

DOT Status (Highway and rail): N/R, protect from freezing.

IATA Status (Air): N/R, protect from freezing.

15. REGULATORY INFORMATION

SARA HAZARD: Title III, Section 313: Contains no Section 313 listed substances subject to reporting.

AICS (Australia): Components listed

DSL (Canada): Components listed

EINECS (Europe): Components listed

TSCA: Components listed

WHILE INFORMATION AND RECOMMENDATIONS SET FORTH HEREIN ARE BELIEVED TO BE ACCURATE AS OF THE DATE HEREON, PRECISION LABORATORIES, INC., MAKES NO WARRANTY WITH RESPECT THERETO AND DISCLAIMS ALL LIABILITY FROM RELIANCE THEREON.
